

## Stakeholder Engagement Specialist

Job location	Remote/Virtual
Direct supervisor	Research Lead
Compensation	Part-time basis, based on level of experience
Start-End Date	June 2022-December 2022

Collaborating partner organizations are working towards an operational toolkit based on the Gender-Transformative Framework for Nutrition (GTFN). In close collaboration with the project team, your responsibilities would include the following three outputs:

- **Stakeholder Analysis Exercise:** Lead an equity-focused stakeholder analysis exercise and provide key considerations for the identification of Steering Committee members based on established governance structure - an Advisory Committee may also be explored.
- **Stakeholder Consultation Exercise:** Lead a stakeholder consultation exercise that applies equity principles to obtain preliminary insights into stakeholder priorities and preferences regarding the content and format of a GTFN toolkit. The activities of this exercise should aim to identify assumptions and context-specific considerations, and remove potential biases and blind spots of our research team through an intersectional approach between end-users, relevant community members and stakeholders.
- **Stakeholder Engagement Plan:** Lead the development of an equity-focused stakeholder engagement plan for future phases of the project that is co-created with project stakeholders. The plan should include an evaluation framework to assess the effects of the stakeholder engagement plan on the project’s stakeholders and outcomes.

### Representation and Coordination

- Attend regular meetings (by virtual platforms) with Technical Staff;
- Capture any relevant lessons learned.

### Qualifications

- Demonstrated experience in stakeholder engagement, preferably in the health sector;
- Demonstrated experience in qualitative methods;
- Post-graduate degree in International Public Health/Gender Studies/Epidemiology/Nutrition or a combination of relevant training and work experience;
- Strong verbal and written communication skills including demonstration of cultural awareness, diplomacy and tact;
- Demonstrated knowledge in health equity, particularly gender equity;
- Desired knowledge of intersectionality and its practical incorporation when engaging with a diverse group of stakeholders;
- Ability to work independently and to multi-task;
- Strong analytical, interpersonal and coordination skills.

### How to apply

If interested, please send your resume and cover letter and an overview of your approach to achieving the three outputs to [victoria.sauveplane@utoronto.ca](mailto:victoria.sauveplane@utoronto.ca). In the subject line, please indicate *Stakeholder Engagement Specialist*. **Application closes June 24<sup>th</sup> at 5 pm EST.**
